Facts About The Gleichen Patriotic Stampede---June 14 and 15

Two Military Bands Coming-----Everybody Ready for Wednesday

Gleichen's Patriotic Stampede, the biggest effort made by this district since the great war started in aid of the Patriotic Funds of our country, will soon be here and everything points to its being a grand success both from a financial and spectacular standpoint. The Stampede office is the busiest place in town and all the different committees are fast completing the arrangements for which they are responsible.

Our Calgary and provincial contemporaries have generously given advertising space free of charge and this in conjunction with the efforts of our advertising committee have made our Stampede so widely known that a record attendance is assured.

The ladies' committee have accepted the offer of the Masonic Hall in which to run their cafeteria, where they will serve lunch and supper each day. The food served at the cafeteria and the refreshment tent on the grounds has been generously donated by the people of the town and district. Don't forget the location of the new Masonic Hall along side the Town Hall. The ladies will give you a hearty welcome and a satisfying meal.

A large staff of men under the direction of the management committee are rushing the work on the grounds to completion and everything that can be provided for the safety of the public is being seen to.

The seating accommodation on the grand stand, bleachers and private boxes is being largely increased to to hold the increased crowds expected this year.

Special chutes are being built for Gleichen's new and original event, the Wild Steer race. The chutes will be capable of starting ten steers at one time and as nothing like this has ever been attempted anywhere, the world over, the visitors are going to be highly entertained and amused for about half an hour in this event alone, watching the antics of the riders and their tractable mounts.

Two expert lady bucking horse riders, accompanied by a bulldogging friend, are being brought from Texas.

There will also be three Indian races sandwiched in between the principal events each day, and our Blackfoot neighbors are busy training their horses for the great events.

The bucking horses from Medicine Hat are here in charge of A. J. Bryson and his mascot, the O'Brien. The horses are down in James Young's field, where they are being fed and fitted up for the supreme effort.

The band of the 13th O.M.R. of Medicine Hat and the pipe-band of the 113th, Kilties Battalion from Sarcee, are both coming here to enliven each day's proceedings with martial strains.

William Hartwick, a member of the American Legion, who was fighting in Mexico and hiked all the way from Texas to join the Legion, has entered the bucking contest and obtained permission from the committee to ride the first horse. He comes with a great reputation as a Texan rider and is afraid of neither man or beast.

A number of boxing bouts will be staged in the Opera House on Thursday morning under the direction of the Calgary Sportsman's Club and the patronage of the Stampede Committee. The proceeds are to be devoted to the Ogden Convalescent Home for returned soldiers.

Moving pictures of the 82nd Battalion now in England, in which so many of the local boys are enlisted, will be shown each evening.

A dance will follow the entertainments in the Opera House, the music being provided by Mrs. Trainor's popular Calgary orchestra.

Entries are fast coming in and as will be seen from the program elsewhere in this issue, the prizes are worth competing for. Many of these have been donated to the Stampede and the donors names are appended:

Just as we go to press we learn that Harry Scott has donated a black horse, branded with a large Red Cross, to be ridden in competition in the Stampede and afterwards raffled off, the proceeds to go to the Red Cross.

Patronise The Ladies Patriotic Cafeteria

Open each morning of the Stampede at 11 o'clock, one and a half blocks north of the station in the Masonic block. Look for the sign. Good wholesome food donated by the best cooks of Gleichen will be served to you by our patriotic ladies.

B. Whiting of Lethbridge spent a couple of days in Gleichen last week purchasing horses, among which were two fine young stallions which he purchased from Frank Daw. Saturday night he shipped his new purchases to his ranch near that city. Mr. Whiting is one of the pioneer ranchers of the south, having spent over thirty years there. He is one of those men who never seem to grow old and although approaching his seventieth year is as full of life as many men at half his age.

The Gleichen Stampede is the one theme of discussion just now. It beats the weather topic.

Weather permitting Dr. Ashdown Marshall will return to attend the Stampede next week and all wishing to consult him regarding their eyes may do so each morning by arranging with Dr. Farquharson. Dr. Marshall is always glad to meet any of his customers.

Don't forget to read Evans' ad about beds.

After completing T. H. Beach's store and J. A. Ramsay's addition, Mrs. Bennett & White left last week to build a brick-veneer store for Geo. A. Day at Standard but will return to Gleichen to build an addition to Mr. Beach's residence and thoroughly renovate Mr. W. W. Brown's home. They have also secured a contract to build a \$15,000 brick school house at Coal-dale.

Don't miss reading Matthews & Kidney's ad. for specials.

The ladies supplying pies, cakes, etc. for the patriotic cafeteria are requested to deliver them Tuesday evening or Wednesday morning at the Masonic hall adjoining the town hall.

"Laying on hands" for complaints, especially in children is now taking the place of Christian Science in Gleichen. The other day a mother cured her son of cigarette habit with one dose. It appears she laid her left hand on the boy's neck, her right hand on one substantial slipper, and then laid the slipper where it would do the most good. It effected a cure and a relapse is not looked for.

Namaka Brief Items

The Bishop of Calgary visited Namaka on Sunday morning last to administer the rite of confirmation. The Bishop also baptised the infant son of Private Gus Marcy, the baby was born whilst Pte. Marcy was on furlough for a couple of days before he entrained with his regiment, the 82nd for England. Namaka people are glad to know that the 82nd has arrived safely in the old country.

The sports postponed from Empire day were held on Saturday June 3rd. The weather was all that could be desired and a good crowd turned out and enjoyed the races. The parade of vehicles was not held and some of the other items had to be abandoned as there were no entries.

The following is a list of the prize winners:

Half mile horse race--1st Three Sons, 2nd McMaster, 3rd Fred.

Many persons feel offended because their comings and goings are not mentioned while those of others are and wonder what the matter can be. The explanation of the matter is that the editor means to be impartial, but some escape mention. The likes and dislikes of an editor have nothing to do with it and while it is not pretended that the editor is more than human he knows that the success of his journal depends on his fairness and impartiality to all. It is the best way always when a notice is desired to mention it to the editor, or communicate through the post office. No one feels worse about any seeming neglect or partial performance of duty than the editor himself.

Why the Yankees are Coming.

Speaking broadly, it is practically impossible to
secure land in the United States at a moderate price, or
land that will give sufficiently large returns to be commensurate with the big investment required. Land that costs
\$50 an acre cannot profitably be used for raising wheat, for
instance, unless at least thirty bushels per acre can be
expected—and thirty bushels per acre is about double the
usual yield in the United States. Last year's average pro-
duction of wheat there was only 17 bushels. The higher
the price paid, of course, the nearer you get to a satisfactory
standard. It is not contended that farming on high-priced
and does not afford a living; but to farm on \$150 or \$200
an acre land is distinctly paying for the privilege of
getting a living.

It is found worth the while of the land-hungry man
to cease his depressing search for local cheap land or for
land that is not entirely worked out by long cropping and
to look outside his own district. Western Canada is the
country that should and is receiving the attention of such
men. It is conservatively estimated that in the province
of Manitoba, Saskatchewan and Alberta out of 478 million
acres there are 180 million acres of first-class agricultural
and actually available for development—a block three-
and a half times the total area of Minnesota, and equal
to the combined land areas of Minnesota, Iowa, Wisconsin,
Illinois and Indiana.

The population of the five states mentioned is fifteen
million, whereas the population of Western Canada is only
about one and three quarter millions. Here are no large
cities. The biggest is Winnipeg with 200,000, Calgary
comes next with 80,000, Edmonton follows with 65,000 and
Regina 45,000—and, of course, Gleichen is growing.

It has been said that the average yield per acre of
wheat in the United States last year was 17 bushels. Now,
place against this figure the fact that the 1915 Western
Canadian average—the average from nearly twelve million
acres—was 29 20 acres. In the case of Alberta the average
reached 32.84 bushels per acre.

It may be asked, at what price is the land sold that
will produce such returns? The largest land-owner in
Western Canada is the Canadian Pacific Railway Co., which
has over six million acres of land for sale in these three
provinces, fixes its range of prices at from \$11 to \$30 an
acre, with a block of irrigated land in the province of
Alberta at from \$35 an acre. The average price for good
non-irrigated land is about \$20. It scarcely needs pointing
out that this land is virgin land that has never been cul-
tivated. This company sells land on a twenty-year purchase
system to farmers only, and none to speculators. It also
makes loans of \$200 in improvements to bona-fide farmers
which is also payable in twenty years.

Is it any wonder the Yankees are coming here in
big numbers? And, like the little girls—the bigger they
get the better we like them.

Now clean up your lots—or the Council will have it
done at your expense—and that right "smart".

Buy an Irrigated Farm From The CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and
insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa,
the king of fodders, which insures best returns in dairying and mixed
farming.

Irrigation means intensive farming and close settlement,
with all the advantages of a densely populated agricultural com-
munity.

Irrigation in the Canadian Pacific Railway Irrigation
Block is no longer an experiment, the year 1914 having absolutely
demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific
Railway at prices ranging from \$35 to \$75 per acre, with twenty years
to pay and the privilege of a loan of \$2,000.00 for improvements (6%
interest); no principal payment at end of first or second years and no
water rental for first year. Assistance is also given in supplying
stock in approved instances.

This is the most liberal offer of irrigated farm land on
record. Get full particulars from

A City Built in Great Britain in a

Short Time

Talk about "miraculous" in the

West?

Long about the miraculous

miracles?

Little old Great Britain has all

sorts of miracles. It has the

man of the war department that
